Creating beautiful and unique spaces is how Greenlam started its journey. For over two decades Greenlam has been known and respected for its exceptional artistry, unsurpassed quality, and unyielding passion for excellence. With thousands of decors and surface solutions spread across laminates, compacts, decorative veneers, engineered wooden floors and doors, Greenlam has emerged as one of the foremost surfacing solution brands in the world. Its pioneering and innovative designs have won acclaim in over 100 countries with millions of delighted customers. The newness and innovations Greenlam offer makes it the preferred choice of architects and consumers. Greenlam as a responsible brand understands its commitment towards the people, planet and processes and takes all measures to ensure a healthier, safer world. From sourcing to manufacturing to recycling, we have many stringent measures in place.

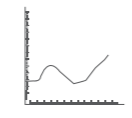

**One Surface. Many Solutions.**

Presenting Greenlam Compact Laminates 2022-24 Collection. It is a range of high-performance, self-supporting decorative panels packed with beauty, durability, and functionality. Hygienic to the core, it is just one product that covers all bases. From being antibacterial, antifungal, and antivirus to scratch-resistant, these compact laminates are specially crafted for demanding surfaces. Being extremely versatile, they are great for designing cubicles, partitions, panels, and in fact, anything else you can think of. What sets them a class apart is their robustness which makes them strong enough for both vertical and horizontal application. All this and more make Greenlam Compact Laminates a perfect surfacing solution for all.

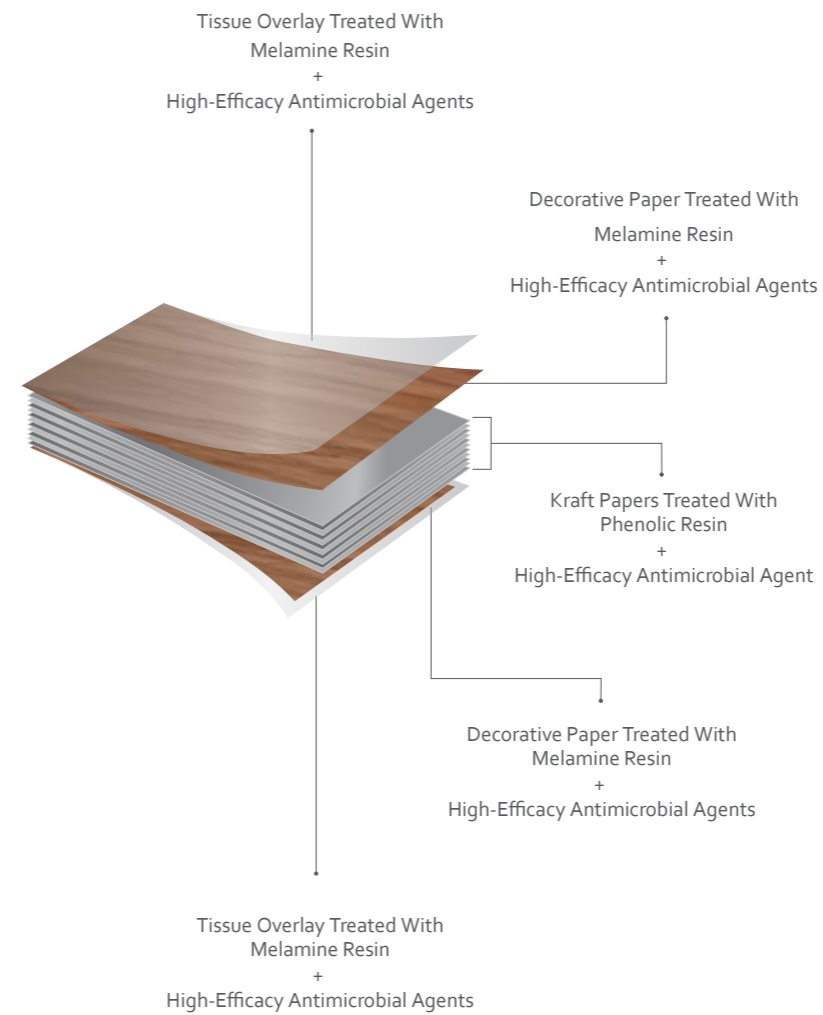

# FEATURES

SPECIALITY  
COMPACT  
LAMINATES

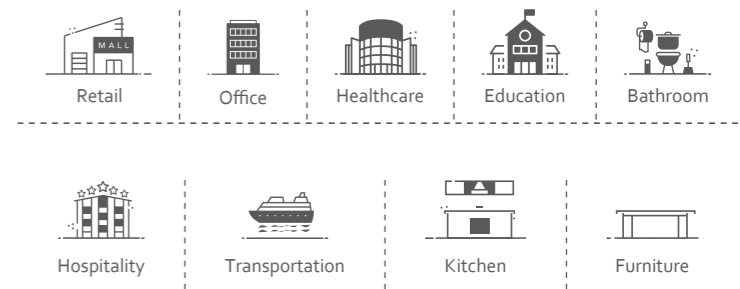

A revolutionary ultra-matt surfacing solution from Greenlam that looks so beautiful you cannot resist touching it. Touch all you want because the craftsmanship that leaves a lasting impression ensures no fingerprint or stains spoils its beauty. Designed for both horizontal and vertical applications, there is more to this velvety surface than just being fingerprint resistant. AFX compact laminates are anti-virus, anti-bacterial, hydro, mould, and scratch-resistant too – which means they are easy to maintain and safe. Now that is redefining interior surfaces.
